PUBLIC SERVICE GRANT
FACT SHEET AND FUNDING POLICY

A.   Introduction

Montgomery County receives a Community Development Block Grant (CDBG) annually from the U.S. Department of Housing and Urban Development (HUD) to fund activities that primarily benefit low- and moderate-income (LMI) residents of the community. Each year, Montgomery County uses a competitive application process to make a portion of its CDBG funds available to non-profit groups in the form of public service grants. Eligible public service activities include, but are not limited to, programs concerned with eviction prevention, housing-related supportive services, employment, crime prevention, positive youth development, health care, education, mental health, welfare, or recreation.

B.   Background on Federal Funding Source

To help potential applicants determine whether or not their project might be eligible for a public service grant, it is important to be familiar with the basic requirements of the CDBG program. Potential applicants should also review the contractual requirements they will be expected to meet if they are selected for Federal funding (see Section F. Contractual Requirements).

In addition to the provision of public services funded with CDBG dollars, the county, through the Department of Housing & Community Affairs, directly administers CDBG funds to carry out a wide range of community development activities such as neighborhood revitalization, economic development, and the provision of improved community facilities and services.

By regulation, only a relatively small amount of CDBG funds may be used for public services. Last year the County received roughly $4.1 million in CDBG funds, and the amount available to nonprofits for public service grants was approximately $516,000. The amount of funding for fiscal year 2015 has not been determined.

CDBG National Objectives

Federal legislation and regulations have established national objectives that all CDBG funded activities must meet.

Low and Moderate Income (LMI) Benefit: Public service activities are required to meet the national objective of benefit to LMI persons. For an activity to meet this objective, it must either have income eligibility requirements that limit the activity's benefits to LMI persons, or the activity must be located in and serve an area that is predominantly inhabited by LMI residents. A countywide map of CDBG eligible areas is shown on page 8.

CDBG Income Limits

The income limits that determine who is considered to have a low- and moderate-income are shown below:

HUD Income Limits – Effective December 12, 2012

Section 8 Definition	Extremely Low	Very Low	Low
CDBG Definition	Very Low	Low	Moderate
Family Size	(30% of median)	(50% of median)	(80% of median*)
1	$22,550	$37,600	$46,750
2	$25,800	$42,950	$53,400
3	$29,000	$48,300	$60,100
4	$32,200	$53,650	$66,750
5	$34,800	$57,950	$72,100
6	$37,400	$62,250	$77,450
7	$39,950	$66,550	$82,800
8	$42,550	$70,850	$88,150

* these figures are actually 63.7% of the median, as capped by HUD
For Montgomery County. The dollar amounts are the income limits.

To meet this objective, each public service activity must serve no less than 51 percent LMI persons (although the County reserves the right to require that each activity serve a greater percentage of LMI persons.) The applicable percentage will be determined at the time a grantee's contract is drafted, but applicants should plan to meet the highest number of LMI persons possible.

It is imperative that applicants anticipate and plan for the methods they will use to determine and document the incomes of the persons that they serve through their CDBG funded activities. Failure to do so will result in activities being ineligible for reimbursement.

C.   County Policies and Priorities for Public Service Grants

Each year, Montgomery County receives many more applications for CDBG public service grants than there are funds available. The competition is greatest among applicants requesting funds for staff and operating costs associated with providing services to some of our most vulnerable residents: the elderly, children and youth, recent immigrants, the homeless, people with mental and physical disabilities, and victims of violence.

In addition to the Federal requirements, Montgomery County has developed policies and priorities to guide its use of CDBG funds. These policies and priorities are based on federal requirements for the CDBG program and local needs and funding priorities.

<div align="center">**Policies**</div>

These general policies and priorities apply to all applications for CDBG funds:

- Public service grant amounts are capped at $45,000;
- CDBG funds will not go to one organization for the same project (or a substantially similar project) for more than three (3) years;
- Grantees who receive funds in year one, are not guaranteed funding in years two and three – future funding is dependent on many factors, including performance;
- Grantees may only lease, not purchase, capital equipment with CDBG funds; and,
- The acquisition of land, or the construction, acquisition, and/or rehabilitation of buildings is not eligible for a public service grant. (For information on loan programs that may be available to fund these activities, please contact Grants Administration staff at (240) 777-3685.

<div align="center">**Priorities**</div>

Funding priority will be given to activities that:

- provide services that respond to critical, identifiable, and unmet needs;
- have a high benefit to low-income persons;
- are clearly defined as to scope, location, need, budget, goals, beneficiaries and means for evaluation of program progress, with evaluation criteria that are specific, measurable, and realistic;
- present a reasonable, sound budget and have a clear plan of action that is consistent with the budget and that demonstrates that the applicant has the capacity and the capability to implement the proposed plan successfully;
- maximize the use of outside funds (non-CDBG or other county funds) ;and,
- support or coordinate with other community development efforts.

In addition, because the demand for these funds exceeds the amount received from HUD, the County is committed to funding projects that are ready to proceed immediately after funds are received, and those prepared to spend the funds within a twelve-month period (any funds that are not spent within this timeframe may be recaptured by the County.)

<div align="center">**Participating and Non-Participating Jurisdictions in the County**</div>

The Cities of Rockville, Gaithersburg and Takoma Park operate their own Community Development Block Grant programs and should be contacted directly with funding requests for public service activities to be undertaken inside their city limits or principally serving their city residents.

The following jurisdictions do not participate with the County in these programs; therefore, no activities that operate within these areas, or that serve residents of these areas,

may be funded with CDBG funds: Town of Barnesville, Chevy Chase View, Chevy Chase Village, Village of Chevy Chase (Section 3), Town of Laytonsville, Martin's Additions and Town of Poolesville.

D.   Community Development Advisory Committee

Deciding who should receive funding is a difficult and time-consuming process. To guide this effort, a group of dedicated volunteers is appointed by the County Executive to sit for three-year terms on the Community Development Advisory Committee (CDAC). Committee members, all of whom are County residents, review applications and meet with eligible applicants to discuss funding requests.   Working with staff from DHCA, and with input from the Director of DHCA, the CDAC recommends to the County Executive who should receive funding and in what amounts.

E.   Application Review and Recommendations

Applications for public service grants are accepted by DHCA on an annual, cyclical basis. The deadline date for submission of applications varies slightly from year to year, but it is usually in mid-September. Projects submitted after the deadline will not be considered for review unless it can be demonstrated that the application is for funding of an emergency nature or represents a unique, one-time opportunity that cannot wait for the normal round of applications. These out-of-cycle requests will be reviewed at the discretion of the Director of DHCA.

All applications are reviewed by the staff of DHCA to determine eligibility under HUD's criteria and conformance with the County's CDBG funding policies and priorities. All applications accepted for competition are then reviewed by the CDAC.

After discussion and consultation through the review process, cyclical applications will be recommended for funding to the Director of DHCA and to the County Executive. The County Executive will then make recommendations to the County Council as part of the overall budget process.

The County Council, as part of the budget process, then makes the final selection of those activities and projects to be funded with CDBG funds. The Council usually approves the budget in June. In reality, activities proposed in the fall are funded in the County's next budget year (which begins July 1.) Due to HUD restrictions and clearances that must be obtained, funds are generally not available until after the following September first of each year.

F.   Contractual Requirements

Each grantee selected to receive funds is required to sign a contract with the County. No costs incurred prior to the execution of an agreement with the County are reimbursable. Under County and Federal laws and regulations, certain requirements must be met in order to negotiate an agreement and disburse funds. These requirements include the following:

1. Applicants must demonstrate that they are a private nonprofit organization or a governmental agency.

2. After an application is approved for funding, a contract will be prepared and sent by the County to the person identified by the applicant as the authorized official for signature. The contract will specify the amount of the award, the period for which the project is approved, the contract term, and administrative provisions. Special conditions attached to the award also will be specified in the agreement. Grantees will be required to file regular reports on expenditures, progress toward goals, and beneficiaries. DHCA will provide forms for these reports.

3. Grantees are required to obtain insurance as specified by Montgomery County, and to comply with all applicable federal, state, and local laws, codes, and regulations. The cost of insurance is reimbursable as a project expense.

4. As part of any grant agreement, recipients will be required to comply with affirmative action and equal opportunity laws. In the event of non-compliance, the agreement may be terminated or suspended in whole or in part.

5. All recipients will be required to comply with the federal government's audit requirements as described in OMB Circular A-133 (for HUD's programs, these requirements are codified at 24 CFR Part 84.) Recipients receiving $500,000 in federal funds from all sources in a single year must have an annual audit. The cost of an audit is an eligible grant cost.

G. Other Important Considerations for Applicants

CDBG funds are not intended to be an on-going source of funds for an organization. Under the CDBG Public Service Grant program, an organization may generally only receive funding for up to three years for the same program or activity. However, there is no guarantee that approved projects will receive funding in years two and three. In addition, for those organizations that are successful in receiving second and third year funds, the amount of CDBG funds awarded is often reduced from the previous years' amounts.

Finally, please be aware that even if your application is successful, the CDAC may recommend that the applicant be awarded a lower level of funding than was requested. Please develop a contingency plan to account for a smaller CDBG award.

PUBLIC SERVICE GRANT
APPLICATION INSTRUCTIONS

WHO SHOULD APPLY?

Nonprofits: Only nonprofit organizations are eligible to apply for public service grants. Nonprofits must be incorporated under state law, and they must have a 501(c) (3) or similar designation from the U.S. Internal Revenue Service. An organization whose 501(c)(3) status is pending may still apply, but it must ensure that the nonprofit designation will be in place before the beginning of the fiscal year (July 1, 2014) For-profit entities are not eligible to receive public service grants. Corporations must have, and document, a status of "good standing" in the state in which they are chartered.

Government Agencies: Governmental and quasi-governmental agencies, including County agencies, may apply for public service grants. However, these agencies are strongly encouraged to apply in partnership with a local nonprofit organization. The nonprofit organization should be, whenever practical, the primary applicant. If you feel this program can be more efficiently and effectively delivered solely by a governmental agency, please provide a detailed explanation in question 6 of the application.

HOW MUCH MAY I REQUEST?

Applicants may not request more that $45,000 for any one project. There is no minimum grant amount for which you may apply.
